1. A river crossing exercise was in progress at the Munmyong-ni Barracks and Storage area on photography of [REDACTED] (Figure 1). The equipment observed in the exercise consisted of five K-61 tracked amphibious vehicles, one unidentified power boat, and an undetermined number of PMP ponton sections. River crossing equipment near the DMZ was first identified at this installation on photography of [REDACTED]. Additional river crossing equipment (nine K-61 amphibious tracked vehicles) was noted on photography of [REDACTED] at the Ichon Engineer Barracks Area, also near the DMZ (Figure 2).
